ENRIQUE PAVÉS CASTILLO

IT Support Specialist & Junior Systems Administrator

Granada, Spain (Remote / Hybrid) | pavescastilloenrique@gmail.com | (+34) 651 54 58 33 | GitHub: github.com/pcenrique

PROFESSIONAL SUMMARY

IT Systems & Networks Technician (SMR) and Web Application Development student (DAW, enrolled Sept. 2026). Experienced in Tier 1/2 technical support, hardware assembly, microcomputing diagnostics, and network troubleshooting, along with operational team supervision. Continuously advancing skills in Linux server administration, AWS cloud fundamentals, and virtualization. Methodical problem-solver ready for remote, hybrid, or on-site roles.

IT & TECHNICAL SUPPORT EXPERIENCE

After-Sales & Hardware Support Technician

MediaMarkt | 11/2019 – 02/2021

- Diagnosed, tested, and resolved hardware and OS issues on desktop PCs, laptops, and peripherals.
- Provided direct technical assistance, processed warranty claims, and managed replacement parts inventory.

Network & Connectivity Support Technician

Jetnet Telecomunicaciones | 05/2019 – 11/2019

- Delivered Tier 1/2 technical support resolving internet connectivity, routing, and network incidents.
- Remotely configured customer routers and CPEs; handled ticket queues and technical escalations.

IT Assembly & Repair Technician

Informática Megasur | 06/2016 – 11/2018

- Assembled custom workstations, performed full hardware testing, disk cloning, and OS setup.
- Diagnosed microcomputing faults and provided specialized hardware recommendations to clients.

ADDITIONAL PROFESSIONAL EXPERIENCE

Operations & Logistics Supervisor

Citylogin Ibérica Logística | 06/2021 – 09/2024

- Supervised, mentored, and led operational shift teams under high-demand environments.
- Delivered onboarding training, monitored service KPIs, and resolved operational bottlenecks.

Professional VTC Driver

Ares Capital | 09/2024 – 10/2026

- Delivered customer-focused passenger transport, route management, punctuality, and service quality.

TECHNICAL SKILLS

Operating Systems & CLI

Linux (Ubuntu/Rocky/Debian), Bash scripting, SSH, user permissions, Windows, Systemd.

Cloud & Virtualization

AWS (EC2, S3, IAM, basic VPC), KVM/QEMU, VirtualBox, Proxmox VE.

Networking & Security

TCP/IP, subnetting, DNS, DHCP, VPNs (WireGuard, Tailscale), Firewalls (UFW).

Support & Helpdesk

Tier 1/2 ticketing workflows, remote support (SSH, AnyDesk), PC assembly & hardware troubleshooting.

PROJECTS / LAB

Code & Repositories: github.com/pcenrique

- **Linux Homelab:** Self-hosted Linux server for local service testing, storage, and secure remote VPN/SSH access.
- **AWS Cloud Lab:** Deployed EC2 instances with Security Groups, connected S3 storage buckets, and configured IAM roles.

EDUCATION

Associate Degree: Web App Development (DAW)

IES Zaidín-Vergeles (Sept. 2026 – Present)

Vocational Degree: Microcomputer Systems & Networks (SMR)

IES Zaidín-Vergeles (2014 – 2016)

LANGUAGES & OTHER

- Spanish: Native
- English: Intermediate (B1/B2, technical reading & user support)
- Driving License: B (Own vehicle)
